

Other Ways You Can Help

For more than 15 years, the Leadership Kitsap Foundation has been an educational organization dedicated to the development of community leaders. Program participants serve as catalysts for positive change within our community, and these servant leaders have given thousands of hours to create more than 50 community service projects in Kitsap County. These projects have positively changed the lives of youth, seniors, and the disadvantaged in our community.

The cornerstone of success of Leadership Kitsap has been our ability to build partnerships with Kitsap's local businesses, agencies, and elected officials. These groups sponsor students or donate time, money, and materials to support our non-profit program.

We welcome the opportunity to establish partnerships with new organizations and individuals and would like to encourage your contribution to Leadership Kitsap. Every contribution that is made to Leadership Kitsap furthers the goal of developing community leaders and the creation of service projects that benefit our community.
